## SAUNTERINGS EBOOKS 2019

pubOne.info present you this new edition. I should not like to ask an indulgent and idle public to saunter about with me under a misapprehension. It would be more agreeable to invite it to go nowhere than somewhere; for almost every one has been somewhere, and has written about it. The only compromise I can suggest is, that we shall go somewhere, and not learn anything about it. The instinct of the public against any thing like information in a volume of this kind is perfectly justifiable; and the reader will perhaps discover that this is illy adapted for a text-book in schools, or for the use of competitive candidates in the civil-service examinations.
